1. Each location is responsible for finding its own teams.
2. Sponsor fees (\$190.00 per team per season) must be paid by the third (3rd) week of play.
3. We will schedule as many matches as possible at your play site. Those sites that sponsor multiple teams generally will have more matches scheduled. While every attempt will be made to schedule equally among all play sites, from time to time scheduling conflicts may not allow for the same number of matches at each site.
4. Team Sign-ups – There are normally two scheduled per season. Team captains or a team representative must attend to provide team and captains' names. (Individual membership forms and fees will be collected by the third (3rd) week of play.)
5. General Membership Meeting – Each season a general membership meeting is held, usually the Wednesday preceding the first night of play. At this meeting there will be a time for your input and discussion of interests and concerns both with other sponsors and with the CADA Membership.
6. We ask sponsors to make clean score boards available, with chalk and erasers, for team practice at 6:30 p.m. on Wednesdays, league night.
7. We ask that each play site provide a minimum of two dart boards for each scheduled match. Additional boards are optional.
8. We ask that sponsors periodically check the condition of their dart boards.
9. We hope sponsors will post flyers and information sheets, as well as standings and other information we send out during the year.
